## Geographic expansion on track: Abu Dhabi progress

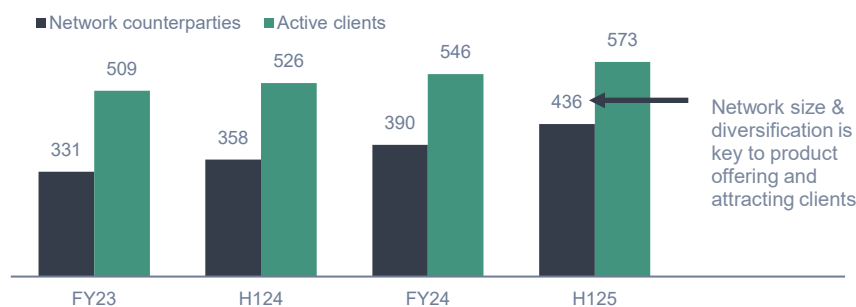

28 October 2025

CAB Global Markets, CAB Payments' (CABP) Middle Eastern subsidiary, has received in principle approval for a Category 2 Financial Services Permission licence from the Financial Services Regulatory Authority of ADGM (Abu Dhabi Global Markets). This licence will add to the group's current licences and offices in the UK, Netherlands, and the USA.

It is another significant step forward for CABP's strategy of expanding its international footprint and being able to offer clients cross-border payments and forex services in more and more markets. CABP specialises in moving money (both ways) between developed and emerging markets, with a focus on 'hard to reach' frontier markets.

With huge volumes of cross-border flows to and from most parts of the world, the UAE is a **significant opportunity**. Especially significant is the opportunity to tap into the fast-growing flows between the Middle East and Africa, where CABP already has a long-established and hard-to-replicate presence. Once granted, the licence in Abu Dhabi will allow CABP to further **ramp up relationships with 'network partners' and 'in market' sales efforts to attract new clients**. The role of network partners and the profile of clients is explained by CABP CFO in this [recent interview](#) (5.00 mins in).
